

ISO9001:2015 Quality Policy

It is the Policy of Ellsworth Adhesives Limited to provide products and services that consistently satisfy the needs and expectations of our customers. We are committed to do this by maintaining a framework for establishing and reviewing quality objectives, and with the use of documented procedures. To this end we have in place a Quality Management System based on the requirements of ISO:9001:2015.

These objectives will address the risks and opportunities within the Organisation as determined by Top Management.

The Management Team will show leadership and commitment to continual improvement, and bear the responsibility for establishing, implementing, integrating and maintaining the Quality Management System.

Through direction and support, each employee will have a proper understanding of the importance of the Quality System function, their responsibility to contribute to its effectiveness, and its direct relevance to the success of the Organisation.

The Quality System will be monitored, measured, evaluated and enhanced regularly under the Top Management's ultimate responsibility, with regular reporting and communication of the status and effectiveness at all levels.
